

# **Equality Policy**

# Purpose of the policy

At Wildwood Nature School, we are committed to ensuring that our provision is fully inclusive in meeting the needs of all children. We recognise that children and their families come from a wide range of backgrounds with individual needs, beliefs and values. We are committed to anti-discriminatory practice to promote equality of opportunity and valuing diversity for all children and families attending our school. This policy outlines our aims for promoting quality, as well as our procedures relating to admissions, employment, curriculum, training, food and family involvement.

# How we promote equality

We recognise that children attending Wildwood Nature School will all have unique backgrounds and home lives. They may grow up in family structures that include one or two parents of the same or different sex. Children may have close links or live with extended families of grandparents, aunts, uncles and cousins; while other children may be more removed from close kin, or may live with other relatives or foster carers. Some children come from families who experience social exclusion, severe hardship; discrimination and prejudice because of their ethnicity, disability and/or ability, the languages they speak, their religious or personal beliefs, their sexual orientation and marital status. Some individuals face discrimination linked to their gender and some women are discriminated against because of their pregnancy and maternity status. We understand that all these factors can affect the well-being of children within these families and may adversely impact on children's learning, attainment and life outcomes.

## We aim to:

- promote equality and value diversity within Wildwood Nature School and foster good relations with the local community;
- actively include all families and value the positive contribution they make to our school community;
- · promote a positive non-stereotyping environment that promotes dignity, respect and understanding of difference in all forms;
- explicitly teach children through our well-being curriculum about the fact that discrimination exists, how to become aware of the fact that people of differing

backgrounds have different experiences, and how to be sensitive and respectful towards people of all backgrounds, races and identities;

- provide a secure and accessible environment in which every child feels safe and equally included;
- improve our knowledge and understanding of issues relating to anti-discriminatory practice;
- challenge and eliminate discriminatory actions on the basis of a protected characteristic as defined by the Equality Act (2010) namely:
  - age;
  - gender;
  - gender reassignment;
  - marital status;
  - pregnancy and maternity;
  - race;
  - disability;
  - sexual orientation; and
  - religion or belief;
- where possible, take positive action to benefit groups or individuals with protected characteristics who are disadvantaged, have a disproportionate representation within the school or need different things from the school.

## **The Prevent Duty**

Wildwood Nature School has a responsibility to prevent people from being drawn into terrorism. This includes not just violent extremism but also non-violent extremism, which can create an atmosphere conducive to terrorism and can popularise views which terrorists exploit.

We will provide appropriate training for all staff. Part of this training will enable staff to:

- · Identify children who may be at risk of radicalisation.
- Build the children's resilience to radicalisation by promoting fundamental British values.

Assess the risk, by means of a formal risk assessment, of children being drawn into terrorism, including support for extremist ideas that are part of terrorist ideology.

terrorism, including support for extremist ideas that are part of terrorist ideology.

Ensure that our staff understand the risks so that they can respond in an appropriate

and proportionate way.

Be aware of the online risk of radicalisation through the use of social media and the

Internet.

Seek advice from the Local Authority MASH when we have concerns about a child or

family.

· Build up an effective engagement with parents/carers and families. This is important

as they are in a key position to spot signs of radicalisation.

· Assist and advise families who raise concerns with us.

Ensure all staff must be able to identify children who may be vulnerable to

radicalisation and be able to identify signs of concern.

Ensure all staff understand that they must report any concerns to the DSL straight

away through the usual process (detailed above).
